

Dear Melody

sKitz Kraven

Waiting for that message
That you never sent
I'm thinking bout you daily
Girl it never ends
My hearts in fucking pieces
Blowing in the wind
I know that loving you
Is more like loving sin
But
Who knew
Who knew
I'd fall for you so heavily
And
Who knew
Who knew
Our love would be a memory
Cuz
I do
I do
Are words that we will never meet
But
You knew
You knew
You'd haunt me

Cuz one day it's all
For you
My dear Melody
But I just
Want you
To lie here right
Next to me
Cuz if I wake up
And you're not here
Mentally
I might not
Go on
Another day without you

Without you
Another day without
You
Another day without
You
Another day without
You
