sKitz Kraven

She never wanted love  
She just wanted my money  
She started creepin  
Ever since I found a check  
I never wanted love  
I just want her to fuck me  
When it comes to sex  
I know that she the best  
She's getting jealous  
Cuz she know the fans  
Got love for me  
In VIP  
Got bitches kissing on my neck  
Shawty hate me  
Then I love her  
Screaming get away from me  
Then we turn to love birds  
We dysfunctional

She about to  
Make me go insane  
I'm about take a forty five  
And put a bullet in my brain  
Yeah she's sick inside the head  
So I just feed her medication  
I'll put her in a coma  
Pull the plug no hesitation  
But she's my sensation  
She's keeping me alive  
If she decides to leave  
I swear to God  
A part of me will die  
Breaking concentration  
Yeah she's so fuckin fine  
The way she looks tonight  
I swear we'll prolly fuck a dozen times  
We go out on vacation  
But then just fight the whole time  
I hate the way she flirts  
When she be drunk up off the wine  
She bout get these dudes killed  
Cuz I'm a lose my fucking mind  
I'll take a hammer to their head  
Then use their torso as a shrine  
I hate this fucking bitch  
I swear she's out to get me  
All we do is fight and fuck  
And snort more drugs than Whitney  
Fuck this bullshit  
I'm bout to end it right now  
But wait  
She said she loves me  
Shit I guess we'll work out

She never wanted love  
She just wanted my money  
She started creepin

Ever since I found a check

We dysfunctional  
We just can't function though  
I cannot be myself around you  
You be judging so  
I gotta leave  
But you screaming  
That you want me to stay  
So I wait  
Then you tell me  
I ain't shit to my face  
Man fuck this bitch  
I swear tonight's the night  
I'm leaving the town  
I'm moving out to California  
Tryna find a new sound  
I need a ride or die for life  
But when I'm with you it's death  
Yeah your the reason I'm so crazy  
Bitch I'm full of regrets  
I fucking hate you  
But you know  
At the same time I love ya  
I wanna see those pretty eyes  
I wanna kiss ya and hug ya  
I wanna fuck ya like I did  
Back when I met you last summer  
I swear I wanted you to have my kids  
Now I want you under  
My fucking feet bitch  
Cuz I just wanna walk all over ya  
Wanna talk all over ya  
I'm just over your aura  
I can't wait until the day  
That I don't look at your face  
You make my eyes burn bitch  
Like you spraying the mace

She never wanted love
