

## Filth

sKitz Kraven

I wanna feel  
Something I ain't ever felt before  
I wanna peel  
Every inch of clothing off of you  
You're such a fucking naughty girl  
The way you make it pop  
Use that stripper pole  
And slide it on that booty till it drops  
Up on that floor  
Beg you for more

I sip a drink on top your body  
My body got you so wet  
I swear I'm swimming in your ocean  
And we just barely met  
We both up early  
But last night I swear to God  
We never slept  
Up on that floor  
I'm a sick ass individual  
And you're as sick as me  
That pussy water  
Face fire  
But that body's so damn tea  
I know inside you got issues  
But don't worry so do I  
Let's just mix that filthy mind of yours  
With mine

I wanna feel  
Something I ain't ever felt before  
I wanna peel  
Every inch of clothing off of you  
You're such a fucking naughty girl  
The way you make it pop  
Use that stripper pole  
And slide it on that booty till it drops  
Up on that floor  
Beg you for more
