

# Forever

sKitz Kraven

January third  
Is where our ship departed  
No alcoholic  
But she drink  
Until she lose her wallet  
She's never cautious  
Sippin Voss  
But drippin like a faucet  
That booty bigger than a truck  
I wonder how U-Haul it  
Scurrrrr  
Shawty gives that brain  
That makes me feel retarded  
I got that pussy on a leash  
But I'm the one that's crawlin  
She sniffin Carolina  
But she ain't never been to Charlotte  
Her pussy taste like fine wine  
These other bitches garlic  
Girl I'm crazy for ya  
You got me foaming at the mouth  
Like I got rabies for ya  
My heart is colder in the south  
I'll turn to Hades for ya  
I'll make it rain  
When there's a drought  
I'll do it daily for ya  
Buy you the latest Porsche  
I tell Authentic cut the beat  
I gotta eat  
Yes  
Balenciaga's all up on your feet  
Blessed  
I'm like  
Girl you so fine  
Yeah you one of a kind  
There ain't a day  
That you are not on my mind  
I ain't lying  
I swear

Don't get off that pole  
Cause I won't ever leave you  
If this club don't close  
No I don't wanna go home  
I just want that show  
Girl I just wanna  
Be there for you  
There ain't no way I won't  
No I won't  
My love  
I just want this  
To last us forever  
Even if forever don't last  
I'm a give you my best  
I'll give you all that you need  
From me baby

We picture perfect  
But I know we got issues  
I talk that shit  
But if you left  
I would miss you  
I know I would miss you  
Buy you designer  
Just to see if it fits you  
And if don't  
Well then just take it all off  
I swear that body so soft  
I'll let you cum  
And then I'll break it all off  
The neighbors bout to know  
You're fuckin a boss  
They know I'm drippin in sauce  
Buy you whatever  
I don't ask what it cost  
And if it's not for sale  
I'll shoot up the store  
Yeah  
I wanna know  
Are you down to get clever  
Make it rain out here  
No matter the weather  
These bitches all under pressure  
Don't pay no mind  
Because they can't do no better  
Girl fuck them hoe's  
You know your pussy way wetter

Don't get off that pole  
Cause I won't ever leave you  
If this club don't close  
No I don't wanna go home  
I just want that show  
Girl I just wanna  
Be there for you  
There ain't no way I won't  
No I won't  
My love  
I just want this  
To last us forever  
Even if forever don't last  
I'm a give you my best  
I'll give you all that you need  
From me baby
