

Gossip

sKitz Kraven

All I hear is people gossip
Nonsense
All lies
People rotten
Ohhh
So I heard you love to gossip
All right
Take your tounge
Out your mouth then
Hahaha
All I hear is people gossip
Nonsense
All lies
People rotten
Ohhh
So I heard you love to gossip
All right
Take your tounge
Out your mouth then

They should of never
Let me out
Cause now I'm going ballistic
Yeah I'm tortured by these voices
I ain't talking holistic
I mean sick shit
Like shoot a kid
Or cut my own wrist
Shit
A midget couldn't hide out
Any better than sKitz did
I covered all my flaws
So I could blend with society
All these homicidal thoughts
I swear the government eyeing me
I'm on go mode
AR cannons
Strapped with a GoPro
Put you on a shirt
I call it giving free promo
Oh no
This medication
Got me in slow mo
I'm assaulting ugly women
After robbing a hobo
That's a
Low blow
Saying fuckery nonsense
I made mill so far
And I even get on yet

All I hear is people gossip
Nonsense
All lies
People rotten
Ohhh
So I heard you love to gossip

All right
Take your tounge
Out your mouth then
Hahaha
All I hear is people gossip
Nonsense
All lies
People rotten
Ohhh
So I heard you love to gossip
All right
Take your tounge
Out your mouth then

It's hard to focus
When I got all of these
Rooms full of bodies
I'm just chopping all em up
You'd think I'm taking karate
Cobra Kai
I'll watch you die
Up late at night
That's how I pry
I'll watch your every fucking move
Until I'm right there by your side
I'll hypnotize you
With sedation
I'm not raping
I'm just playing
All aggressive with the knife
I'll just be Freddy
You be Jason
I'm just cutting every vein inside of you
No peakacho
But through the glass
I peak at you
I'll come inside
To see your room
I better stop
Before I faint
And show up late
To fucking group
Let's hope the doctors
Do not ask me
About the Roger murders soon
They'll need convincing after that
That Mr Kraven's all improved
But I can't bring up what I did
Cause even doctors gossip too

All I hear is people gossip
Nonsense
All lies
People rotten
Ohhh
So I heard you love to gossip
All right
Take your tounge
Out your mouth then
Hahaha
All I hear is people gossip
Nonsense
All lies

People rotten
Ohhh
So I heard you love to gossip
All right
Take your tounge
Out your mouth then
