

# Hold Up

sKitz Kraven

Hold up  
I never thought I would be this lit  
I never thought you would be this pissed  
That I blew  
Look at you now  
They like ooouuuu

Excuse my bad behavior  
I was tryna be humble  
I always knew I'd be this lit  
Fuck what I said in the hook  
Been driving down a crazy road  
I swear my life is a book  
But don't assume you know shit  
Unless you knew what it took  
I overcame  
The over under  
Now I'm booming like thunder  
I was so patient while I waited  
Being broke was a bummer  
I used to snort a couple lines  
Then I would cuddle with Tucker  
That was my dog  
You fucking faggots  
Get your mind out the gutter  
Gossip like a bitch  
I'll turn your head into pasta  
I will oodle up your noodles  
While I doodle your blood  
I'll paint a picture very vivid  
Let your corpse be the judge  
And then I'll fuck it every morning  
Till your cum turn to dust  
Don't give a damn  
About your ex  
Or how he fucked all your friends  
Bitch all I wanna see you do  
Is touch your toes  
In the benz  
Don't follow trends  
Just watch this dick  
Enter your slit  
While it's drenched  
Then go back home  
To tell your man  
Don't worry babe we're just friends  
Ehhh sheesh  
Now now  
I'm sure he's gotta hate that  
I fucked you for an hour  
After that I bet he ate that  
Ugh  
Kraven your disgusting  
No bitch I'm gross  
I made a hunnid in a week  
Now raise your glass for a toast  
Ain't that a bitch boy

Your bitch want a big toy  
Play me for a fool  
And I will turn you to a bitch  
Boy  
Savage  
You don't know no shit about me  
And guess what  
You'll never get another  
Word out of me  
Cause when I see you  
I don't see you  
I'm a different kind of man today  
Snipe you from a window  
Like I'm staying at the Mandalay  
Bae  
You ain't bae  
You just a bitch that I played  
Now turn your speakers up a notch  
And hear my voice while you rage

Hold up  
I never thought I would be this lit  
I never thought you would be this pissed  
That I blew  
Look at you now  
They like ooouuuu
