

# Kill

sKitz Kraven

I just wanna kill  
I just wanna murder  
I just wanna see blood  
I just wanna hurt her  
I just wanna  
Kill kill kill kill kill kill  
I just wanna  
Kill kill kill kill kill kill  
I just wanna kill  
I just wanna murder  
I just wanna see blood  
I just wanna hurt her  
I just wanna  
Kill kill kill kill kill kill  
I just wanna  
Kill kill kill kill kill kill

I just wanna kill you  
And her  
And him  
And them  
See I just wanna play  
With limbs  
And store  
In bins  
See I just wanna kill everybody I see  
I just wanna kill everybody I meet  
Yeah, I just wanna kill  
So I'm just gonna kill  
I kill then black out  
You should see this  
My mind is fogged up  
I need a flash  
No, I can't see shit  
Sicker than some c. diff  
Water on my diamonds  
Got me sea sick  
You about to die  
You should of never dated me bitch  
But you did lil lady  
Haha, look at you now  
I'll throw your body in a blood bath  
Then look at you drown  
I'll carve a smile on your face  
Cuz all you do is just frown  
Heart stop beating  
Now no more breathing

I just wanna kill  
I just wanna murder  
I just wanna see blood  
I just wanna hurt her  
I just wanna  
Kill kill kill kill kill kill  
I just wanna  
Kill kill kill kill kill kill  
I just wanna kill

I just wanna murder  
I just wanna see blood  
I just wanna hurt her  
I just wanna  
Kill kill kill kill kill kill  
I just wanna  
Kill kill kill kill kill kill

I suggest you stay inside  
Cuz there's about to be a homicide  
I'll put your fuckin arm a side  
The get your bones fossilized  
Choosing who to kill  
Keeps my mind and thoughts pre-occupied  
There's try outs for the victim  
You're the only one that qualified  
No alibi  
Then Al will die  
Val will cry  
Cuz Al was fried  
I just wanted Al to hide  
But then I heard the floor squeak  
Then I crawled the floor to creep  
I always want that whore to freak  
I'm flooding cities like I'm meek  
My 12 inch blade  
So sharp and sleek  
Dumping bodies in the creek  
Your body's now my new antique  
Your insides I just want a peek  
Still praying that my songs won't leak  
Playing on a winning streak  
Still planning to go kill Monique  
I'm planning to kill with technique  
My killing you can not critique  
Your body's starting to get weak  
I never wanna hear you speak  
Your smelling like you ate some Greek  
In school I bet you were the geek  
My pillow's now your booty cheek  
You stupid tweak  
I'm so unique  
Been in my basement for a week  
And I'm still saying

I just wanna kill  
I just wanna murder  
I just wanna see blood  
I just wanna hurt her  
I just wanna  
Kill kill kill kill kill kill  
I just wanna  
Kill kill kill kill kill kill  
I just wanna kill  
I just wanna murder  
I just wanna see blood  
I just wanna hurt her  
I just wanna  
Kill kill kill kill kill kill  
I just wanna  
Kill kill kill kill kill kill
