

Night Shift

sKitz Kraven

Yeah welcome to the night shift
I'm smokin green with the leaves on it
Hard dick
Make her leak on it
Suck dick
I'm a kill her
If her teeth on it
Turn a prude to a freak
I make her leave soakin
Deep stroke
Nose bleed
While she deep throatin
She never coming home
Her man he just keep hoping
I'll throw his body in the lake
And tell him keep floating
Her legs are never kept closed
She just keep open
I bet you never met a killer
Like this before
I bet you never fell in love
You lil whore
Serving me cake
Is all your fucking good for
I'm a amputate your limbs
And keep your liver in my floor
I'm a fuck her all night
She'll be leaving more sore
More tore
Kraven
I just need ya
Give me more gore
Bore gore
Hoard whores
Underneath my floor boards
I'm bored
So I just make sure
To get a creep in
Freak shit
Welcome on in
Bring all the freaks in
Semen
Inside you
Let's make a demon
Eating
All this food
No time for greeting
I'm about to lose my mind
Shoot up a Neiman
Marcus
In my room
I keep the carcass
Dark shit
Horrorcore king
I am the darkest
Pardon
I'm not rude but I'm barfing

Dog to you pussies
On mics I start barking
Night shift
Where everything goes wrong
Where demons sing along
Until the knife split
Nice shit baby
Don't ever ask me to teach ya
Greet ya
With two blades
To poke you deeper
Eat ya
With two forks
I use a clever
Eager
To make your corpse
The main feature
Bleacher
Report on this
I'm bout to seat ya
Twist your head in ways it don't go
You'll need a preacher
Yeah
Welcome to the night shift

Bitch welcome to the night shift
She want them extra hours
After we done fucking
She'll need extra showers
Bitch I'm nasty
I'm sniffin extra powder
When I hit it from the back
She gettin extra louder
I call her Nancy
She look so fancy
In her red bottoms
I think I'll follow her home
I'm tryna see where she go
She loves her friends
But tonight she alone
But not for long
Once I get in my zone
I'm gon fight ya
Gotta keep it ten feet back
Don't wanna fright ya
Like ya
So damn much
I might bite ya
Eat that pussy for lunch
I just might ya
Once it's all said and done
You gon die
Ten hot pins
I put in your eyes
Carve your back
With wings
Now go fly
Die motherfucker
Just die
Just go die
Waving at your mother
Like die you bitch die
Yeah I used to get bullied

By fuck boys and pot heads
Ah yes
Walk into class
And just pop heads
Automatic R-15
Inside the lockers
Infered beam
I tuck inside my dockers
Grab my bullies girl
Like bitch I am your father
I make the bitch
Put both hand
Inside my boxers
I spit inside her mouth
While squeezing on both her knockers
She told me that it could be worse
So then I shot her
See
I'm not as bad as I seem
I could brought her to my house
And made the bitch eat her spleen
But I didn't you know
Now I'm steady
Working on the late shift
Pop a couple pills
Until my body goes ape shit
Rake shit
Fuck the bitch like I got eight dicks
Shave your mouth while rubbing your clit
I'm tryna gag shit
Finger fuck the bitch
Until she puke on my face shit
Welcome into hell
I'll meet you right where the gate is
