

# No Comparison

sKitz Kraven

Look me in my eyes  
What do you feel momma  
I know I caught you by surprise  
You in your feels momma  
I only got a couple hours  
What's the deal momma  
Go from the bed up to the shower  
You a meal momma  
Out here giving dudes a heart attack  
Shame on you  
Shawty fuck them other girls  
I want you  
I think it's apparent  
That I'm never sharing that  
Ain't no one comparing  
To what I've been staring at

Only got a couple hours  
What's the deal momma  
I know I might be coming strong  
But you a meal momma  
I wanna see you in your thong  
Lace up them heels momma  
I know you out here counting commas  
You don't build drama  
Change your name to Mrs. Kraven  
You'll be mine  
Once I start to try  
Bad bitch twerkin  
I throw hunnids  
When she grind  
I got diamonds on me dancing  
Got me sicker than the swine  
Get her panties extra wet  
Bout every time she hear me rhyme  
Yeah  
Show me sum  
Work it harder  
Make me sweat  
Scream out Kraven  
Say my name  
You know the rest  
I don't want your number  
You don't even need to stress  
I just want you for the night  
After that I wish you the best

Look me in my eyes  
What do you feel momma  
I know I caught you by surprise  
You in your feels momma  
I only got a couple hours  
What's the deal momma  
Go from the bed up to the shower  
You a meal momma  
Out here giving dudes a heart attack  
Shame on you

Shawty fuck them other girls

Ain't no one comparing

Bad bitch  
She fine as fuck  
And got her no man  
I'm far from average  
A one night stand  
She down for the plan  
Shawty wait  
For that uber  
Then we all gonna play  
Fuck a date  
You can slide  
But you ain't gonna stay  
I got a passion for smashin  
Shawty I'm no good  
I like to hit it  
Then pass em off  
Like a no look  
I'm very sorry  
But girl you know  
I'm a working man  
I heard you love my music  
You're the perfect fan  
I made a name for my city  
So you know I show out  
I heard the party getting litty  
So you know I roll out  
You got these other bitched jealous  
When they see you they pout  
I wanna take you to the bed  
Then from the bed to the couch

Look me in my eyes  
What do you feel momma  
I know I caught you by surprise  
You in your feels momma  
I only got a couple hours  
What's the deal momma  
Go from the bed up to the shower
