sKitz Kraven

She got an ass so fat
I call the bitch my lil Kardashian
She sucking dick so good
Inside my car
I just might crash again
I'm smoking on that payow
Taste so good
I won't be passin it
She ashin it
I let her count my cash
I'm so compassionate
I just live that fast life
Hit 180 on the dash again
Fuck smoking on that wax
That shit like crack
I'm smoking hash again
She biting on my tounge
I just might cum
Cause I'm a masochist
Got ass to kiss
Yeah you know that shit real
She ain't no mannequin
Cocaine up my left nostril
I drink until I'm smashed again
See you out in public
Take your chain
Punk you like Ashton
I'm the greatest rapper on this earth
I'm spittin facts again
You ask again
I'll chop you with this axe
Thank you for asking

Tell me I'm the one shawty
You so in trouble
Come over my way
She all alone now
I need a hoe girl
Can you be mine babe
Let's go the high way
I met her in Tokyo
I met her in Tokyo
I met her in Tokyo
I met her in Tokyo

Bad lil bitch on my dick
She posing
But now she stroking it
She don't hang with broke dudes
She dated you
Now she's over it
She ain't into sport
She likes luxury
She my Rover chick
I smoke a grit
Then get right back to dropping hits
I am the shit

Sick as fuck
Someone grab a needle
My blunt gas
But the coke diesel
Fly as fuck
Like a damn seagull
Junkies want a bump
Like they got the measles
Stomp you out
Like a fuckin beetle
Making big moves
Like I'm Max Keeble
Shawty fine
It's very nice to meet you
My music dark
But her dress see-through
Old soul
She doesn't wanna be new
She love her life
She doesn't wanna be you
On her own
She doesn't want or need you
She rich as fuck
She could prolly feed you
Independent shawty
Getting money like she Cardi
We in love whatever you call it
I pick up whenever she calling

Tell me I'm the one shawty
You so in trouble
Come over my way
She all alone now
I need a hoe girl
Can you be mine babe
Let's go the high way
I met her in Tokyo
I met her in Tokyo
I met her in Tokyo
I met her in Tokyo
