

Vampire

sKitz Kraven

I just bought an AK with a body on the side
You just bought a vacay, one way ticket with your life
I don't play with sissy's but I love to play with knives
Tell your wife I'm coming for you in the middle of-
I'm off the Lucy
Welcome to my life
A horror movie
This ain't juvie
This the ward
The Heldol got me snoozing
I'm just chewing on your flesh
I'll sip your blood, I call it juicing
All these fake ass gang bangers
Switching colors like a mood ring
I don't bang
But I will kill you for no reason
I'll just swap your genitals
Then change your gender like the seasons
I ain't woke but I'm awake
This killing spree gives me a reason
Just to step out of my basement
No replacement for my name
I'll stay gutter till the end
I'm with a Barbie I'm not Ken
I'll take your Kin then kill your folks
I'll crack your egg then drink your yolk
I am the GOAT of Horrorcore
My competition such a joke
You paint your face
I paint my walls with blood
No we are not the same
Pretty dame
You're front row at my show
I'm happy that you came
But you gotta go
Cuz I just wanna see your fluids drain
I'm on cocaine, she on fent
I call my shooter Boba Fett
I feel like Vader draped in black
But you're the one who cannot breathe
Put a razor in your throat
And let your Adam's apple free
Eenie meenie miney moe
It's just you that gets deceased
Bitch
Yeah scarier than Freddy Krueger
I just wanna kill her
You just tryna screw her

Vampire
Blood all on my mouth
AR with a beam
Leave your blood all on the couch
I'ma introduce the team
Then make your bitch open her blouse
Adriana Chechik
There's a whole gang in her house

It's mid July
I haven't left my house in twenty something days
I'm full of rage, can't turn the page
I got dried blood all on my face
This shit from who I do not know
I just black out and misbehave
These different blood stains make me wonder
If my house is full of aids
No Magic Johnson, only magic
I use drugs to kick my habits
I'm an addict
Close the blinds
I'm hearing children in my attic
Feel like Disney
Someone pinch me
I feel something crawling in me
It's just time to face the music
But this blunt is all I face
Toxic womens all I crave
They don't even eat when on a date
But I don't mind cuz once we hit my crib
Cocaine is on the plate
We fuck to sleep but then they leave
But deep inside they wanna stay
But I can't let them if I do
They will not live to see the day
I wanna kill, want to dismember
Jesus save me, I surrender
Unless these cops get to me first
If that's the case we won't remember
To the grave
Cuz I ain't going out
Until they know my name
Shoot up the precinct
This ain't N'SYNC
Tell your family bye bye bye
I just wanna use until I'm high high high
Got twenty families screaming out together why why why
What's that tattoo say
Sicker than the rest
Do you wanna find out why
Heads up, it'll prolly make a mess
Uh
