Skizzy Mars

Just go with the wind she said  
Cause we don't really know when we'll be dead  
We don't know when our time will be up  
They say I don't care enough  
Oh wow baby me too  
That's exactly what I wanna do  
That's exactly how I wanna live, live with you  
Hey, Hey, dancing in the moonlight, district from my past  
Um, now I'm trying to do right, button down shirt, hair cut with the smooth  
lines  
I told you I was trying to do right

And I know you're living on the edge  
Cause what the fuck you gone do instead  
But don't jump in, don't jump in, baby just dip

I can see we taking steps  
This your song and we don't get younger than this so  
Just drink and dance, drink and dance, drink and dance [2x]

It's a fact chick, girl you bad, we attracted  
I met this girl in a penthouse  
She was so deep, I found myself trying to swim out  
We just got lit and didn't know how to get down  
I poured a couple shots, pop-pop, to her friends now  
Saying to her, how many drinks till I end up leaving with you  
Maybe back into my crib, baby I can barely can move  
Every step I take, I get so faded, I do  
That you're the one that I wait, sorry I'm tripping off you  
Yeah

Don't be kissing me in public

Come with me cause you're done with him, done with him, girl
