

Eyes on the Road

Skizzy Mars

Ayy

Keep your eyes on the road
Keep your eyes on the road
Through the highs and the lows
Got you anywhere you go
She swerving, she nervous
I've got her on her toes
Keep your eyes on the road
Keep your eyes on the road

Smoking on the terrace
A thousand kids in Texas
These are times I'll always cherish
Telling me I fell off
But I really never hear 'em
Sober two years
Now emotions, I can feel 'em
Reality is nearest
[?] so we hit up Fascitelli
Slim thick shawty
Eat bananas and nutella
When the album dropping
The album dropping when it's ready
There's nothing they could tell me
Nine years, I'm still here
No budget from the label
Man you can't be fucking serious
Distractions in the rearview
Focused on my goals, eyes on the road
Kid stopped me on the street
He said "you saved my life"
Guess I'm doing it right

Keep your eyes on the road
Keep your eyes on the road
Through the highs and the lows
Got you anywhere you go
She swerving, she nervous
I've got her on her toes
Keep your eyes on the road
Keep your eyes on the road

Keep your eyes on the road
Keep your eyes on the road
Through the highs and the lows
Got you anywhere you go
She swerving, she nervous
I've got her on her toes
Keep your eyes on the road
Keep your eyes on the road

Ten toes a wave
I'm uptown with the gang
Only real ones remain
Got my dogs on the stage
I lost a lot of friends in 2016

Made twenty thousand a play
And blew it all on the team
I let the fans call me underrated
I do what I love and own my masters
Could give a fuck about streams
Two nights sold out
Back-to-back NYC
They in the kingdom with me
The times we had dawg
You couldn't believe
[?] I'm the goat
Calling all these shots
They should call me coach
Did it my way, never sold my soul
We survived girl, let's have a toast

Keep your eyes on the road
Keep your eyes on the road
Through the highs and the lows
Got you anywhere you go
She swerving, she nervous
I've got her on her toes
Keep your eyes on the road
Keep your eyes on the road
Road, road, road

Keep your eyes on the road
Keep your eyes on the road
Through the highs and the lows
Got you anywhere you go
She swerving, she nervous
I've got her on her toes
Keep your eyes on the road
Keep your eyes on the road
Road, road, road

Baby please, listen to me
Listen to me yeah
Just keep those eyes on the road
Now matter how it sounds
Through the ups and downs
Just keep those eyes on the road
No, no, no, no, no, no, no
