

## Mistakes

Skizzy Mars

It breaks my heart (heart)  
Breaks my heart (heart)  
My heart (heart)  
Breaks my...

I'm like Pippen cause I enjoy supporting  
These women that can't afford shit  
Like a Nike endorsement  
Come get your first [?]  
Hottest on the Earth though  
Your man there, but what he worth though  
Feeling icy, Rag & Bone white tee  
Wanna be my wifey? Unlikely  
Don't play in these Comme des Garçons  
Indecisive, I don't know what I want  
You get mad, I say "Alors on Danse"  
A lot of women, windows up tinted  
You bouta witness some real G shit  
You want change, we don't get what we wish  
All the time  
Yeah, it's money on my mind  
You question my priorities like working is a crime  
Well, forget it, uh, that's what they always say  
Well I'ma say it anyway and then apologize

I shouldn't have gone and did that, but I did it again  
Ain't a mistake if it happens two times  
I guess I got a hard head  
I know it breaks your heart  
I shouldn't have gone and did that, but I did it again  
Ain't a mistake if it happens two times  
Teaching old dogs new tricks  
I know it breaks your heart  
I know it breaks your heart  
Said I never meant to break your heart  
Never meant to break your heart  
(N-n-never meant to break your heart)

Drop top, whipping, tinted  
Fuck my adversaries  
I bet the word "sorry" is not in her vocabulary  
I smashed back in March, met her back in February  
New York girls are crazy, think that shit hereditary  
Now I'm on the road, trying to be legendary  
I'll be home some time soon, don't worry  
You know I can smash these hoes  
But when it's all said and done, girl, I'ma find you  
Get higher, I'm inclined to  
Me and the homies kick it  
There'll probably be some bitches that'll ride through  
That don't mean nothing  
Loopholes and new flows and reasons why it won't work just keep coming  
Nowadays, I don't really sleep much  
And every time I smoke you are what I think of  
Forget it, uh, that's what we always say  
Well I'ma say it anyway and then apologize

All the girls in the club and they all so needy  
Said I'd leave by one, but it wasn't so easy  
No it wasn't so easy (no, no)  
I just wanted money, I just wanted love  
Nights like these, man we want it all  
Hope I wasn't too greedy (no, no)

Faded, she faded  
Won't give me her heart cause she's scared that I'ma break it  
Won't give me her heart, baby girl I'ma take it  
I'ma take it, I'ma take it yeah  
Faded, she faded  
Won't give me her heart cause she's scared that I'ma break it  
Won't give me her heart, baby girl I'ma take it  
I'ma take it, I'ma take it yeah
