

# Out Of Town

Skizzy Mars

Heard theres  
Wealth in money and riches in love  
These girls, they used to shun me  
Now give me kisses and hugs  
I dismiss and I shrug  
I dont love 'em, I just stay away and I just try not to fuck with 'em  
But girl I see you running through that D  
Girl, you a running back  
But every time you leave, girl  
I know you coming back  
So I write songs about our sagas, about our chaos, our drama  
Now I'm just trynna be happy  
So fuck it  
Fuck it  
I'mma do Me(eeee)  
Thats what I'mma do  
And if I got you on my scene, I guess its time to move  
Cause I'm tired of all the fighting  
Bad energy, angry text messages that you always keep sending me  
Look  
I'mma do me, and I'mma do my own thing  
I'mma sit back and pop a brew and let the phone ring  
And if I got you on my scene I guess its time to move  
Cause girl I always win, but with you its time to lose  
Yeah

Honestly, I'm just tired of being tired  
I just want that feeling back  
I just wanna be inspired  
And after we were wrong, girl  
My sanity, I lost mine  
Scavenge in your purse, trynna make up for lost time  
I just can't do it  
On the chase for the money and fame  
High prestige, eager fans at shows screaming out my name  
But this stress shit you provide girl, I don't understand your aim  
I just don't understand the point  
Of you playin' all these games  
So

I'mma do me  
Yeah, I'mma fuck some bitches that act very loosely  
Yeah, I'mma party all night, I'mma smoke a lot of weed  
Man, fuck it though  
Yo I never ever cuff a ho

So fuck it  
I'mma do me(eeeeeee)  
Thats what I'mma do  
And if I got you on my scene, I guess its time to move  
Now you mad cause you alone  
I'm on a throne, getting money, getting girls  
You can't do shit on your own

I'mma do me  
Yeah, I'mma fuck some bitches that act very loosely, v-v-v-very loosely  
Yeah, I'mma party all night, I'mma smoke a lot of weed

Man fuck it though  
Yo I never e-e-ever-e-ever cuff a ho

E-e-ever-ever cuff a ho [x4]

So fuck it  
I'mma do me(eeeeeee)  
Thats what I'mma do  
And if I got you on my scene, I guess its time to move  
Now you mad cause you alone  
I'm on a throne, getting money, getting girls  
You can't do shit on your own
