

# Problems Too

Skizzy Mars

Couple less calls couple more texts  
As the room stalls before the storm hits  
Watch it all fall had some more yet?  
Tryna show her ain't the view gorgeous  
I'm in your life and you can't ignore it  
You got me off late to my appointments  
Tryna stay focused my mind's all over the place  
Lost, remind me what the point is  
You're 22 and what you got to lose  
All these other girls what they got on you?  
Exaggerated stories, I hope you don't ignore me  
I'm tryna let your love adore me

I said the limelight don't hurt  
So why don't you want it?  
She said it's all good  
She lives for the moment

You got issues, you're unstable  
Well I got problems too  
I wanna be messed up with you  
I wanna be messed up with you  
You got chaos, I'm unfaithful  
But I got problems too  
I wanna be messed up with you  
I wanna be messed up with you

Hard to move along like the feeling's gone  
Couldn't move on I wrote you a song  
Whiskey in the bar weed in the bong  
Cuttin' to the chase from our peace of mind  
Touring all year I don't have a home  
It's not a race it's a marathon  
Always late for the main event  
Imma make back this money I spent

I said the limelight don't hurt  
So why don't you want it?  
She said it's all good  
She lives for the moment

You got issues, you're unstable  
Well I got problems too  
I wanna be messed up with you  
I wanna be messed up with you  
You got chaos, I'm unfaithful  
But I got problems too  
I wanna be messed up with you  
I wanna be messed up with you

Told myself I'd play it cool  
Now I'm acting like a fool  
Off the bottle, volatile  
I prolly drank too much of you  
Look so fucking beautiful  
Fresh up out the movies you  
Baby girl you're on a roll

Make the young boy lose control

You got issues, you're unstable  
Well I got problems too  
I wanna be messed up with you  
I wanna be messed up with you  
You got chaos, I'm unfaithful  
But I got problems too  
I wanna be messed up with you  
I wanna be messed up with you
