

Slow Dance

Skizzy Mars

Can I have a slow dance?
Cue the romance
We can just sway and hold hands
(Why you so distant?)
Hands on your waist
Moment don't waist
Baby just keep your eyes closed
(Keep your eyes closed)
So caught up
So caught up
So caught up
(Got me so caught up)
So caught up
So caught up
So caught up
(So caught up)
Can I have a slow dance?
Cue the romance
We can just sway and hold hands
And hold hands

Damn
These drinks is so expensive
Your friend don't like me
but I'm trying to switch up her perspective
Popped a pill before we pulled up, it was so effective
Shared a cigarette with you so we could feel connected
400 for the pants, but I never slack
Balenciaga hat but I never cap
Made a lot of songs
They were never wack
All my old hoes I don't want them back
And the nights turn to morning
Lot of girls but you stand out
And the night is still so young

Can I have a slow dance?
Cue the romance
We can just sway and hold hands
(Why you so distant?)
Hands on your waist
Moment don't waist
Baby just keep your eyes closed
(Keep your eyes closed)
(Keep your eyes closed)
So caught up
So caught up
So caught up
(Got me so caught up)
So caught up
So caught up
So caught up
(So caught up)
Can I have a slow dance?
Cue the romance
We can just sway and hold hands
And hold hands

Damn
Your friend is aggravating
I never wanted her to come
I'm tryna practice patience
Only girls up in my section
Had to allocate it
When we get back to my crib
I'm tryna see you naked
Said you'd stay home but you came out
Been a long week
Come adorn me
Could've played safe took the same route
Need a sequel to our story
And the nights turn to mornings
Lot of girls but you stand out
And the night is still so young

Can I have a slow dance?
Cue the romance
We can just sway and hold hands
(Why you so distant?)
Hands on your waist
Moment don't waist
Baby just keep your eyes closed
(Keep your eyes closed)
So caught up
So caught up
So caught up
(Got me so caught up)
So caught up
So caught up
So caught up
(So caught up)
Can I have a slow dance?
Cue the romance
We can just sway and hold hands
And hold hands
