

Trippy

Skizzy Mars

(And then the smoke got me)

It's trippy how you always keep me on my toes, like tippy
I would mess around and keep a few things with me
Now these hoes approach, they get the Heisman, stiffy
It's trippy
It's trippy how you always keep me on my toes, like tippy
I would mess around and keep a few things with me
Now these hoes approach, they get the Heisman, stiffy
It's trippy

I was slippin' (Slip)
I was on my own like I was Rodman, trippin'
Jordan needed somethin' for Detroit, no kiddin'
Now I'm cool with havin' the assist, I'm tippin'
Rings I'm pickin', yuh, it's awesome
We could dig two flowers, let the whole thing blossom (Yeah)
I pretended that my heart was dead, so opossum
But you called me out, love, tell me, what's the outcome?
You been there since day one, yuh

It's trippy how you always keep me on my toes, like tippy
I would mess around and keep a few things with me
Now these hoes approach, they get the Heisman, stiffy
It's trippy
It's trippy how you always keep me on my toes, like tippy
I would mess around and keep a few things with me
Now these hoes approach, they get the Heisman, stiffy
It's trippy

You crossed my wires, it was that electric (That electric)
The pitch was perfect, you my Anna Kendrick (You my Anna Kendrick)
And all these feelings that you got me catchin' (Catchin')
The night is young, the surface we just scratchin' (Scratch, scratch,
scratch, scratch)
You say I need someone that keeps me true, shit (True shit, true shit
)
You say I'm dope with or without the music (Without the music)
And every time I think I'm 'bout to lose it
Know you the only girl that ever had me actin' foolish

It's trippy how you always keep me on my toes, like tippy
I would mess around and keep a few things with me
Now these hoes approach, they get the Heisman, stiffy
It's trippy
It's trippy how you always keep me on my toes, like tippy
I would mess around and keep a few things with me
Now these hoes approach, they get the Heisman, stiffy
It's trippy
