

# Why Can't We Work

Skizzy Mars

Yeah, ha, ha  
Yeah, yeah, huh

Hard to be mad when your crib is gated  
I dealt with jealousy and I felt hatred  
When you get money, you get over-hated  
So I try to make more just to aggravate 'em  
And you drink, and you smoke  
And I wait and I hope  
That you'll stay for the night  
But you're leaving  
And you tell me you want me  
You kiss me, you love me  
But you can't give me a reason

Why can't we work?  
Why can't we work?  
Why can't we work, baby?  
Why can't this work?  
Why can't this work?  
You know it can't

You quick to give up 'cause you lack patience  
Don't overthink if there's a chance to make it  
This love thing hard, got you frustrated  
But when you know it's real, you don't mind waiting  
And you drink, and you smoke  
And I wait and I hope  
That you'll stay for the night  
But you're leaving  
And you tell me you want me  
You kiss me, you love me  
But you can't give me a reason

Just give it a chance  
Give it a chance  
It's only a chance  
Won't you give it a chance  
Just give it a chance  
It's only a chance

Why can't we work?  
Why can't we work?  
Why can't we work, baby?  
Why can't this work?  
Why can't this work?  
You know it can't

Why can't we work?  
Why can't we work?  
Why can't we work, baby?  
Why can't this work?  
Why can't this work?  
You know it can't

It's hard to open up when you're still hurting  
You tried to fall in love but it wasn't working

Compare me to your ex, I'm a better version  
You know that I'm the one, you can stop searching  
And you drink, and you smoke  
And I wait and I hope  
That you'll stay for the night  
But you're leaving  
And you tell me you want me  
You kiss me, you love me  
But you can't give me a reason

Just give it a chance  
Give it a chance  
It's only a chance  
Won't you give it a chance  
Just give it a chance  
It's only a chance

Why can't we work?  
Why can't we work?  
Why can't we work, baby?  
Why can't this work?  
Why can't this work?  
You know it can't

Why can't we work?  
Why can't we work?  
Why can't we work, baby?  
Why can't this work?  
Why can't this work?  
You know it can't
