

American Bluff

Skold

From where you're standing
You can't see the crack in the mirror
From where you're standing
All that glitters has been sold

Station to Station, you can't stop unless you go
Heavy rotation, I put the cock in rock and roll

Set a Fire! Watch it Burn!
S-S-Set a Fire! Watch it Bu-u-u-urn!

Big titties, Big butt, Bit star, the American Bluff
Big story, Big guns, Dream big, the American Bluff

I'll hurt your feelings, I talk to voices in your head
I'm double dealing and it's the best you ever had

Set a Fire! Watch it Burn!
S-S-Set a Fire! Waitch it Bu-u-u-urn!

Big titties, Big butt, Bit star, the American Bluff
Big story, Big guns, Dream big, the American Bluff

False Idols always leave you wanting more
Cocaine Cowboys make you feel like such a whore

Big titties, Big butt, Bit star, the American Bluff
Big story, Big guns, Dream big, the American Bluff

Let's start a fire, Let's start a fire
