

# Terrified

Skold

Promises and butterflies sealed in virgin stitch  
I hope you will remember me but never quite like this

So I come back again  
To finish up what I've begun  
Returning favors realizing  
What's been done  
Revise the statement  
What could possibly go wrong  
I lost the battle  
But the war can still be won

Memories in silver light the victim in my head  
The darkness rushing over me returning from the dead

So I come back again  
To finish up what I've begun  
Returning favors realizing  
What's been done  
Revise the statement  
What could possibly go wrong  
I lost the battle  
But the war can still be won

I I'm not afraid of dying - I'm fucking terrified  
I I'm not afraid of dying - I'm fucking terrified  
I I'm not afraid of dying - I'm fucking terrified  
I I'm not afraid of dying - I'm fucking terrified
