

This is the Way

Skold

Superstition clouds the vision no one can see the sign
Evil angel broken danger the light will rob you blind

The heroes of tomorrow are the clowns of yesterday
The victims of changes are not going away
This is the way

Hate and fury the judge and jury the system is unkind
A new religion forced attrition leave your pain behind

The heroes of tomorrow are the clowns of yesterday
The victims of changes are not going away
This is the way

This is the way

The heroes of tomorrow are the clowns of yesterday
The victims of changes are not going away
This is the way
