

## 08 Wayne

Skooly

Probably the new fireman  
In this bitch, I still get flier than my kite will get  
Understand I'm getting higher than a flight attendant  
I get what I want, what I desire then

I been getting a lot of bands  
New kid on the block. I feel like Spider-Man  
Sometimes, I feel like Pac  
These niggas radames  
Cold propane  
This shit is dope cocaine  
I feel like '08 Wayne  
I'm still the fireman  
I know they tired of him  
I 10

Try again  
Try again  
Shit gon' add up  
If I sin, that's what I did  
This my bad luck

Buddah, I got you

Bitch-ass nigga  
If I did what I did  
I did what I did, nigga  
Grown-ass man  
Understand what I'm saying  
Ain't no little-boy shit

Buddah

I might feed you, girl  
Digest it  
I'm tryna process it  
Check my dialect  
Might shoot up her club  
I'm tryna pop at it  
Real ball player  
I shoot more shots than a diabetic  
I'm fire at it  
I spare the booth  
I tell the truth  
And I will never lie at it

I try to show these niggas I wasn't joking then  
Now, watch one of these pussies leave an opening  
I'm balling  
Quarterback  
I run it back  
I wide-receive the tight ends  
How could they not fuck with me?  
They must not know who I am
