Boy I heard ya homie want me killed  
My cousin told e focus on my deal  
I just wanna roll up and chill  
How these niggas hoes like they is  
Boy it ain't no hoes where I live  
You can get exposed where I live  
They don't raise hoes where I live  
You can get exposed where I live

Young Atlanta call me Mr. Georgia  
Bitch my necklace make my wrist important  
I... came far bitch I'm going farther  
I... go hard bitch I'm going harder  
Back in the days I wasn't paid  
I probably would've caught yo bitch or more  
Coming from the apartments  
Living with my grandmomma and my father  
Shit got harder  
Days got harder  
Plans got smarter  
Nigga had problems then choppas got brought up  
Ahh shit, young nigga bout to bomb down  
Sipping syrup talking to my cousin  
Drugs got me calmed down

Boy I heard ya homie want me killed  
My cousin told e focus on my deal  
I just wanna roll up and chill  
How these niggas hoes like they is  
Boy it ain't no hoes where I live  
You can get exposed where I live  
They don't raise hoes where I live  
You can get exposed where I live

Any nigga wanna smoke it we can match at it  
Bitch I'm bad like a crack addict  
Bitch I gotta bad come and snag at it  
Don't you snag at it  
Cause probably eat yo face  
Cause coming off the waist  
Damn, brother lost his life [?]  
This ain't really life today  
Damn, could it be the price to pay  
Cause I'm a take them all the way  
No more settling for less, we going all the way  
I wish my brother didn't get called away  
I just wish he could've called away
