Skooly

(Check it) go

Go

Go

Go

Go (what you do)

Slow

Slow

Slow

High speed, get a little faster, please  
Look, high speed, get a little faster, please  
I see, that you after me, but  
I speak, to your answering machine

Several days

You got some selfish ways

You ain't gon' never change

You ain't gon' never change

That's a damn shame

Damn, babe

You ain't gon' never change

You just like Anna Mae

(You gotta eat your cake) go (oh, you gotta eat your cake)

Go (oh, fuck around and eat your cake)

Go (I'll fuck around and come eat your face)

Go (eat your face)

(Check it) go (get, set, go)

Go (are you ready?)

Go (get, set, go)

Go

Go (get, set, go) (what you do?)

Slow (fuckin' slow)

Slow (take it slow)

Slow

Slow it down, you're movin' too fast

I'll beat this shit up when I'm ready

Happy birthday in her belly

Squirt, skeet, confetti

It's hard to tame what you can't change

Bitch, I'm a animal

You been goin' insane and not in your brain

And I got the antidote

Eat you like Hannibal

Till you're outta stamina

Put it in, break the door

Pull it out, your levee broke

Girl, your pussy, girl, your throat

Wonder if you can handle both

'Bout to drop the bombs of Baghdad on your badass

All that pandemonium

Go (don't you make no stops, yes)

Go (I need it right now)

Go (don't stop for no stop signs)

Go (for no red lights, go, go)

(Check it) go (get, set, go)  
Go (are you ready?)
