Pretty bitches always talkin' that shit though
Have you ever seen a nigga rich, hoe?
Anytime I hit, I don't miss, hoe
Put a bitch on a high, make her get low
White girl, black girl, ain't racist
Have you ever danced in a matrix?
When I'm on pills, girl, I feel like this
How you make it get big like this?
How you do that what you did like this?
I'ma start coming in like this
I ain't talkin' 'bout crazy, no rape shit
I'ma fuck her hard, make her hate dick
I'ma max her card out in Macy's
I'ma show out on her in dayshift
I'ma be all on her in private
Smell herself at work as my fragrance

Girl, you fuckin' with a
A big dog
A big boss
Win it all
Tell me somethin'
Tell me somethin' right, man
Don't even tell me nothin'
If you ain't gon' tell me nothin' right, man
If you ain't gon' tell it to the right man
If you ain't gon' tell it to the white man
Don't even tell me nothin'
You'll probably recite it with the nightstand
Hit the lights man, that's my mans
I'm with capo that my right hand
Do whatever I can
I was playin' with the cards
Y'all thought I had a nice hand
They don't know what I do

They don't know what I do, ooh...

Love in her mouth can't heal her
A lil some to make her lose it
Tell me what to do, girl, make it my duty
How you know that they ain't hear us down the hall?
Hell, you were freakin' on the wall

They don't know what I do, ooh...
