

# Lean On Me

Skooly

Baby I'm yours no need to lie  
Baby I'm yours no need to cry  
You the one I adore no need to lie  
And you mean so much more no need to cry  
(And baby girl) You can lean on me  
I'll be there so you can lean on me  
Here's my shoulder you can lean on me  
I won't leave so you can lean on me

There ain't too much wrong with the way we live  
My house is your home you can stay at my crib  
And I'm so in love and its plain to see  
Need help with my heart give me love on 3  
I'll take care you girl like 1, 2, 3  
And I swear I'm in love and I ain't goin' no where  
No more rainy days  
Everything gone change  
I'm a take away all the pain  
Love my soul

Baby I'm yours no need to lie  
Baby I'm yours no need to cry  
You the one I adore no need to lie  
And you mean so much more no need to cry  
(And baby girl) You can lean on me  
I'll be there so you can lean on me  
Here's my shoulder you can lean on me  
I won't leave so you can lean on me

Rich kid  
Sk8 board  
Take ya girl and giver her back  
And we straight like that  
That's what happenin' with it  
And I know you like it slow but right now we goin' fast  
And I know she got a ass  
I'm fuckin' with it  
No light, no camera, just us  
From the front to the back I bust  
Put another strap on  
Hope that it will last long  
Bet them neighbors know my name like Trey Songz  
Girl I'm a fuck you good  
Get ya bragg on  
I'm a bend that ass over like the last song  
Up down, up down and switches  
Splash splash lemme switch positions  
In the bedroom now we in the kitchen  
Don't talk, don't talk just listen  
I'm in it  
Let's get it  
I'm with it

Baby I'm yours no need to lie  
Baby I'm yours no need to cry  
You the one I adore no need to lie  
And you mean so much more no need to cry

(And baby girl) You can lean on me  
I'll be there so you can lean on me  
Here's my shoulder you can lean on me  
I won't leave so you can lean on me

11 o'clock  
On the dot  
I stole my pop's drop  
I'm sittin' on yo street  
I got a real sexy thing that I been textin' and she waitin' for me  
Put it up  
Put it out  
Girl we out of town  
The speed limit 70  
Can we do 69  
We can do it to the grind  
Up and down 'round and 'round  
And now she want some more  
It's a rodeo

Baby I'm yours no need to lie  
Baby I'm yours no need to cry  
You the one I adore no need to lie  
And you mean so much more no need to cry  
(And baby girl) You can lean on me  
I'll be there so you can lean on me  
Here's my shoulder you can lean on me  
I won't leave so you can lean on me
