

# Please Me

Skooly

Uh huh  
Uh huh  
Mmm  
(Troy Taylor you the goat)

Please me  
Baby, just please me  
I like how you make it easy  
So come and see me  
Baby, no teasing  
I know you know how to reach me

When you walk through the front door  
Know exactly what you come for  
How I know to make that pussy cum I'm on go  
Turn around and let me touch it

Swear I make that pussy come alive  
I stretch you out so good it change your life  
No baby ain't no point in wasting time  
Just pull up on me and get this vibe

Please me  
Baby, just please me  
I like how you make it easy  
So come and see me  
Baby, no teasing  
I know you know how to reach me

I got you tipsy drinking liquor out my styrofoams  
Body tatted hieroglyphics on your collar bones  
Takin yo pictures cuz you naked while you iron clothes  
Baby, turn the red light on  
Make the pussy come alive  
Make it talk back  
Like it done got inside my mind  
Pussy wavey  
Surfin on the tide  
Are you ready for this ride

Swear I make that pussy come alive  
I stretch you out so good it change your life  
No baby ain't no point in wasting time  
Just pull up on me and come get this vibe  
Huh

Baby, just please me  
Baby, just please me  
I like how you make it easy  
So come and see me  
Baby, no teasing  
I know you know how to reach me

Swear I make that pussy come alive  
I stretch you out so good it change your life  
No baby ain't no point in wasting time  
Just pull up on me and come get this ride

Huh

And just please me  
Baby, just please me  
I like how you make it easy  
So come and see me  
Baby, no teasing  
I know you know how to reach me  
Please me

I like how you make it easy  
So come and see me  
Baby, no teasing  
I know you know how to reach me
