

# Spend It

Skooly

Fredkhill  
Buddah bless the beat

We can spin it  
We can get it  
Don n capo nigga

Got my own bag and keep my distance  
Can't be out here fucking with these niggas  
How these butches end up on my hit list  
Probably out here fucking on my niggas

Safe to say I came up broke. We fixed it  
Came up out a ditch. I'm tryna get it  
Hundred thousand cash wasn't shit to me  
Spend that money fast as I can spend it

They think they're bulletproof. Expendable  
Spin their block as fast as we can spin it  
Calculated money with no penalties  
I'm just tryna add up all the digits

Kill all the rats. I'm tryna get the cheese  
Snakes been shooting at me with their venom  
50 for a Cuban with no charm. I'm tryna get it  
All these niggas tryna prove me wrong. Watch me get it

Next nigga, try to do me wrong. I'm 'a kill 'em  
Ain't no more reckless on the phonei. Come on with it  
I'm all in their section on my own. I'm the realest  
Really come from drug dealers, kidnappers and killers

I tried to show love, but these niggas showed their feeling  
Get it?  
It's all I'm saying  
Shit's the weirdest thing in the world  
It's all I'm saying  
Don speaking

Got a concrete  
I ain't need no placement  
Got fullies and switches in my basement  
So much skrimp a day  
You could flip the page  
Just talking my shit  
Say they love the cadence  
Niggas stealing the lingo  
They copy-paste it  
Need a Wockhart there  
Get it by the case  
I need a plan  
Crazy they gon' think that I'm laced  
Going instant on shit  
I ain't never delayed  
Take over your trap  
I'll give you a raise  
No lead in a week

Get it off in some days  
Tryna switch the position  
I'm seeing the hate  
I'm too authentic  
Jit had a deal with fate  
Took "L"s to the chin  
'Cause getting money in my DNA  
Whole 'nother tax bracket  
They cannot stop me from getting paid  
Making millions off that merchandise  
Got sick ways to get paid  
Take a outlook on my income  
I been hustling since 6th grade  
I'm bound to never bite the hand feed of listen what a bitch say

Got my own bag and keep my distance  
Can't be out here fucking with these niggas  
How these butches end up on my hit list  
Probably out here fucking on my niggas

Safe to say I came up broke. We fixed it  
Came up out a ditch. I'm tryna get it  
Hundred thousand cash wasn't shit to me  
Spend that money fast as I can spend it

They think they're bulletproof. Expendable  
Spin their block as fast as we can spin it
