Stay, stay  
Amelia  
Stay, stay  
Amelia  
I swear if you reach that door  
You're not welcome anymore  
Stay, stay  
Amelia

Plates and bottles on the floor  
I can't fix them on my own  
Gee we had it figured out  
Limitless in love  
We even broke into a warehouse  
So no one would find out  
Your father chased us down  
We even packed that suitcase  
Are you really walking out?

Stay, stay  
Amelia  
If you reach that door  
Stay, stay  
Amelia  
I swear if you reach that door  
You're not welcome anymore

Gee we had it figured out  
Limitless in love  
We even broke into a warehouse  
So no one would find out  
Your father chased us down  
We even packed that suitcase  
Are you really walking out?

Amelia  
Stay, stay  
Amelia  
If you reach that door  
Stay, stay  
Amelia  
If you reach that door

Party, we're gonna throw a party  
If you decide to stay here  
We're gonna throw a party  
If you decide to stay

Gee we had it figured out  
Limitless in love  
We even broke into a warehouse  
So no one would find out  
Your father chased us down  
We even packed that suitcase  
Are you really walking out?
