Midas

You've got me thinking 'bout the story
You've everything you ever wanted
But will you ever get to hold me
Doesn't it get lonely
And Midas
You're used to hearing that you're something
Above the ordinary, golden
You want to be the one and only
Doesn't it get lonely

But you won't get away with it
No, you won't get away with it 'cause I
I look at you, I'm seeing that you're just as lost as I
Know I'm not afraid of it
No, I'm not afraid to close my eyes
How I wish that there's a way that we could

Always

Always live for always
Till we die together
Say you want to be here
You want to be young
You want to be in my love
Always be in my love
Say that you remember
Feeling the same about me

Midas

You've got me thinking 'bout the legends
You know you'll join them up in heaven
But if you stay with me, no hurry
I will make it worth it

Midas

You're like a monument, a statue
No man on earth could ever hurt you
No you don't ever have to worry
Why do I still worry

And you won't get away with it
No, you won't get away with it 'cause I
I look at you, I'm seeing that
There's something in your eyes
Saying that you're afraid of it
Saying you're afraid of passing time
How I wish that there's a way that we could

Always

Always live for always
Till we die together
Say you want to be here
You want to be young
You want to be in my love
Always be in my love
Say that you remember
Feeling the same about me

Always
Always live for always
Till we die together
Say you want to be here
You want to be young
You want to be in my love
Always be in my love
Say that you remember
Feeling the same about me
