

# Bad

Skrapz

Smoking cannabis for recreational purposes  
Breaking bricks down on kitchen table surfaces  
Catch me in Selfridges making purchases  
They always offer me drinks, customer services  
And when it comes to these women I've got alternatives  
The ones that wanna act like they're quiet, they be the dirtiest  
The ones that wanna act like they're nice, they be the worst type  
Talking bout "We can't fuck on the first night"  
I'm in the penthouse that's right by the River Thames  
I send a girl DM and tell her "Bring a friend"  
And we don't fold, we don't break, we don't never bend  
My niggas keep it one-hundred like KISS FM  
Pulling up in big whips, semi-automatics with the full clips  
Couple spin barrels with the full six, I'm back on my bullshit

Nuff man turned bad since Breaking Bad  
I've been bad since Michael Jackson said he was bad  
Two bricks with me in the minicab  
They came through all the way from Trinidad  
Nuff man turned bad since Breaking Bad  
I've been bad since Michael Jackson said he was bad  
Two bricks with me in the minicab  
They came through all the way from Trinidad

I've gotta mind how I move cah the cops are on me  
I know they want me, they just can't catch me  
And I don't force anything, it just comes naturally  
I switched up my settings, niggas still factory  
They're telling me I'm cold but it don't gas me  
My price keeps going up like a black taxi  
I'm the one and only, my tings tailor-made  
I'm cut from a different cloth with a razor blade  
I'm calculating figures on my phone  
Only re-ing up on bricks now, I started from a stone  
It's funny how everything goes  
When you live your life on the roads where anything goes  
And nowadays everyone's getting exposed  
My niggas does this though, everyone knows  
And yeah I'm still up to no good  
And even though I make legit dough from music I still jugg

Nuff man turned bad since Breaking Bad  
I've been bad since Michael Jackson said he was bad  
Two bricks with me in the minicab  
They came through all the way from Trinidad
