

## Different Cloth

Skrapz

I know my success makes these niggas bitter  
You think I careless?  
I keep styling on these niggas like I hair dress  
I give a fuck what niggas think in all fairness  
I'm showing there existence no awareness  
I'm all about persistence and I'm fearless  
I'm money motivated and I'm serious  
I came a long way  
I used to hustle all night I really had some long days  
Now I find that I can't get no proper sleep without haze  
And I'm stuck in this forever like grave  
Catch me on the block with my nigga on a Friday like Craig  
I always used to feel like I was older than my age  
And I'm surprised a nigga hasn't gone grey  
I'm cut from a different kinda cloth with a different kinda blade  
It's not the type of cloth that any tailors ever made  
And as long I got my freedom then I'm bless  
I just keep my circle tight and I couldn't give a fuck about the rest Boom

Niggas saying this niggas saying that  
But I can't really hear them when them niggas chat  
Magician in the kitchen when I'm cooking crack  
I make it disappear and then I whip it back  
Niggas saying this niggas saying that  
But I can't really hear them when them niggas chat  
Them man there's all punks as a matter fact  
They ain't nothing like Skrapz

I hear they keep praying on my downfall  
I tell 'em keep praying  
How much times the same prayer your gonna keep saying  
I'm the hardest in the streets that's what the streets saying  
Might see me pull up in Porsche Cayenne  
Probably got the End Of The Beginning playing  
And I probably got gelato in my spliff but I ain't paying what them niggas p  
aying  
It's big Skrapz I be walking with a heavy name  
This heavy chain around my neck it's I'm still a slave  
Cubans on my wrist instead of handcuffs  
My weapon holds me down it's like a anchor  
All a nigga ever wanted was a cool runnings like I'm sank'a  
Giving niggas boxes like I'm Santa  
Giving niggas boxes like I'm Blanka  
Cause I'm the type of man that doesn't take no disrespect cah man gangsta  
Got bitches rolling up my Ganja  
And if I grew up in the 60's in America I definitely would have been panther
