Yo, there ain't nobody going harder than man
I know you niggas must of heard of man
Murdering the game I might change my name to murder man
Ever since they let me out the can they been saying I'm the man
The rap game is in my hand do you niggas understand me man
I'm getting hot somebody fan me man
Blow weed straight from Amsterdam with the family man
Different mums different dads but I couldn't give a fuck about that
I still call my niggas family man
You wanna know what type of man that I am
I'm the type of man that never really ask man to give me a hand
And even if I had a bills to my name I got too much pride to ever ask man to
give me a grand
I told my nigga I'm gonna stick to the plan
Told my girl if she want to see the stars she should stick to her man
My niggas telling me I'm different with the raps
Told him you ain't gotta tell me that fam cah I know that I am

These other rappers sound dead so when your talking all this hardest in the
game bullshit you better miss me with
I'm gonan do it like fifty did it
And I don't live an ordinary lifestyle I'm kinda risky with it
You see my glass don't you ever put whiskey in it
Triple shot of Hennessy and ice I'm getting tipsy with it
My stereo it's got nipssey in it
And I'm always on the roads it's like my bloods got gypsy in it
Different with it talking to my brudda on a prison visit
Said the day he gets released his getting busy with it
Straight this is life man we gotta live it
My bank account needs seven digits
And I know the feds are tryna catch me out like I'm playing cricket
Someone tell'em that I'm different with it HA!
