Skrapz

I'm on a different kinda of ting niggas saying I been missing for a minute  
How the fuck am I meant to rap about my life if I don't live it  
Everything I'm saying in my lyrics really did it  
From sitting in Jacuzzis to sitting on a visit  
Just before I go to sleep I ask the father for forgiveness  
He's the only witness when I'm handling my business  
When I'm standing by the sink like I'm about to wash the dishes  
Or hopping in the dinger with my burner moving vicious  
Niggas act suspicious  
It's sad to see a lot of bruddas dressing like there sisters  
It's funny how these niggas isn't really living life the way there posting in there pictures  
I'm really in the field and I be fixing up the fixtures  
Reasoning with killers  
I always see a legend when I'm walking pass the mirror  
And way before I started getting rap money I was buying bimmas from the dealers  
These niggas isn't really in the jungle with gorillas

It is what it is iyah  
We nuh wid them funny tings outchea  
Disappeared for a whole year  
I thought I come back just to make this clear  
That I'm not stressing  
Haters keep guessing  
Excuse my expression  
We nuh wid them funny tings outchea

Boom!, Niggas think there savage  
I couple out the semi automatic, Make them panic  
I been in situations that these niggas can't imagine  
And one thing that I learned is to always follow vibes and to never follow fashion  
Niggas only gangster in there captions  
I just keep it gangster with my actions  
And even though I'm caught up in the trap it doesn't stop me having visions of a mansion  
Somewhere far out by the river up in Hampton  
And I'm forever daydreaming when I'm danking  
Thinking bout the nights when I was handling the hand ting  
I only touch the roads with couple man it's not a gang ting  
Niggas think there bad until I pull on there block and do the mad ting  
You think I give a fuck about this rap shit  
I been getting money this is just another tactic  
I put these rappers under pressure when I'm active  
And I ain't gassing I'm just saying what facts is
