Skrapz

(Pull up, Show N Prove like my producer)  
Check me out, yo

Niggas thought that I was done, nah, here's another one  
Think I'm doing this for fun? Ha, pull the other one  
I'm in it for the long run like a marathon  
And I'm still in my prime like I work at Amazon  
You want me to carry on? Ha  
Think I'm doing this for fun? Ha  
I'm in it for the long run like a marathon  
I'm in it for the long run like a marathon (Boom)

I pull up in a fast car, Formula One  
And I ain't got the low spec, it's the other one  
I'm tryna make enough dough to buy my brother one  
And next year, I might go get a Cullinan  
You want me to carry on?  
Something's going down if I've got my bally on  
I'm on these nigga's necks like I'm a medallion  
And if you see me at events, know I got my strally on me  
I ain't like them, I'm a different category  
I'm in a plush restaurant eating calamari  
They say I'm being loud, probably got my Cali on me  
I'm walking out the trap, praying no one ever saw me  
For dying is the kin, power to glory

I used to sell kilos, ask anyone  
Brandy and champagne like Dom Perignon  
The chain 'round my neck looks like Evian  
Might see me with a new AP skelly on  
You want me to slow down?  
Ask baby girl, "How's your body so round?"  
I hit it from the back, I don't let her turn 'round  
Face in the pillow like I'm tryna drown sound  
She don't like slow whine, she just get pound  
Location off, she don't wanna get found  
She got a man, but she said that he's a clown  
Rolling up loud, late night with my shawty  
Watching Goodfellas, hold tight, Uncle Paulie
