

# Not Like Me

Skrapz

I see these niggas going ham tryna get there name popping like me  
But these niggas haven't got it like me  
I see them in the West End tryna get the same shopping like me  
But they couldn't never drop it like me  
And they say they get packs but we never got it for the same P  
So they isn't making profit like me  
I see them on the runway talking bout they just about to take off  
But them niggas isn't rocket like me (They ain't rocket like me)

Ay yo I hopped out the Mudda fucking coupe  
With my chain swinging looking like I'm bout to do a video shoot  
Way before I was an artist I've been killing them regardless  
There calling man a star when I haven't even started  
Them niggas half hearted I'm the hardest  
I hit the studio and get to fucking up the market  
A'yo I wake thinking bout targets  
And I don't listen to a lot of rappers cah they rap about garbage  
Stepping on these niggas like carpet  
I went ghost for a whole year these niggas should've took advantage  
Cause I ain't given niggas any chances  
I come through and burn down rappers get them ready for there caskets  
I make these niggas know about disaster  
Niggas wanna know if I'm a G I make them know about the answer  
It's big boy Skrapz the one and only mother fucker  
When I'm gone they'll never be another nigga like me

I see these niggas going ham tryna get there name popping like me  
But these niggas haven't got it like me  
I see them in the West End tryna get the same shopping like me  
But they couldn't never drop it like me  
And they say they get packs but we never got it for the same P  
So they isn't making profit like me

You see my lifestyle I'm passionate about it  
I should already be a multi millionaire with all this money that I've counted  
Shouts to anyone that ever doubted  
I'm sitting at the top now I started from the bottom of the mountain  
I've gotta be aware of my surroundings  
All I say is boom now look at all these woman I'm arousing  
My swaggers always on a hundred thousand  
Catch a nigga slipping when he's picking up his benefits for housing  
And I ain't never been a man for clowning  
Nah, I ain't talking about bitch I'll be talking about stick if I'm talking  
bout a browning  
I can't let my guard slip every 6 to 8 months I switch whips Benz, Bimma or  
a Audi  
I got a line that moves bricks then I've got a next line where only chicks and  
family can shout me  
I'm a top man ask anyone about me

I see these niggas going ham tryna get there name popping like me  
But these niggas haven't got it like me  
I see them in the West End tryna get the same shopping like me  
But they couldn't never drop it like me

And they say they get packs but we never got it for the same P  
So they isn't making profit like me
