

Shouldn't Be Alone

Skrapz

Ay, yo, Skrapz, who we got next?
(I shouldn't be alone with you tonight)
Yeah, it's that shouldn't be alone with you tonight
(I shouldn't be alone with you tonight)
Look out for the full version on the album, comin' soon
(I shouldn't be alone with you tonight)
Skrapz is back part two
Skrapz is back part two

(I shouldn't be alone with you tonight)
In my yard with some Henny and a 12 gauge
(I shouldn't be alone with you tonight)
Thinking shall I touch the rod and cause rampage?
(I shouldn't be alone with you tonight)
Lemme analyze the situation properly
I'm high right now, could I even drive properly?
And what's the chances of the boys in blue stoppin' me?
(I shouldn't be alone with you tonight)
Maybe I should just chill for a minute
(I shouldn't be alone with you tonight)
I think I need to be real for a minute
(I shouldn't be alone with you tonight)

This music ting might work out for me
Do I really wanna jeopardize my chance of success?
I'm hearin' everybody sayin' we're the best
(I shouldn't be alone with you tonight)
I can't forget about the niggas that are schemin' though
(I shouldn't be alone with you tonight)
They tryna figure how to stop a man breathin', y'all
(I shouldn't be alone with you tonight)
You think I'm tryna leave my kids without a dad?
Yo, this dick has muscle, now I've got the news that men are bad
Let me light my spliff 'fore I get mad
(I shouldn't be alone with you tonight)
Before I turn a man's blood to Baghdad
Yo, family put the brakes on
