

Waiting

Skrapz

Anytime I'm in the police station and I give you that call girl
I know it gets your heart racing
And I'm sorry for that I never meant to make you worry and that
But I just called to make you know that I might not make it home
cause the jakes got the cuffs on me
They talkin' bout they found drugs on me they was lookin at my
shoes tryna say I live luxury
To cut a long story short I'm in custody
And I know you're gettin' sick and tired but you always hold me
down and for that alone I love you
Sittin' in my cell thinkin bout I wanna hug you
I might not make it home it depends on what the judge choose
Hear what baby girl you dun know already we're old school we been
together since secondary
Apologies for the nights you shed tears come baby girl I'm right
here

I've been waitin' for you to come home when will I get to see you
again cause I've been waitin' too long for you I've been waitin'

Every other minute we would argue on the prison phone it's only
true you feel alone cause I'm not at home
My daughters comin on the visit lookin' fully grown and all they
wanna know is daddy when you coming home
That was kinda hard for a G I won't lie I'm a man I never like
to see my little girls cry
I was sittin in my cell bunnin weed to get high playin cards with
my dargs tryna make the time fly
I was praying for some better days goin' through my mail lookin'
' at your picture reminiscing bout our holidays
I love the way you smile I ain't afraid to say I love you I know
you haven't felt it in a lil while
I ain't gettin soft don't you worry bout that I've been gone for
a minute and I'm sorry bout that
Thinkin' bout the late nights we used to talk on the phone now I
'm at the front door open up daddy's home

I've been waitin' for you to come home when will I get to see you
again cause I've been waitin' too long for you I've been waitin'

I'm just sittin' in my bedroom I'm just sittin' on my bed I'm just
sittin down and thinkin all these thoughts up in my head...
I've been waiting

You was with me when I never had shit way before the rap shit way
before I had the shoes and the shirts matching
Before I had the benz with the black and white seats noone does

n't understand when I say the tings deep
You know I set trends I don't follow like sheep and you know I
won't stop until my missions complete
I know you lose sleep anytime I'm on street feds tryna take me
out like dinero in heat

I've been waitin' for you to come home when will I get to see y
ou again cause I've been waitin' too long for you I've be waiti
