

# Smash The Ira

Skrewdriver

On the streets of Ulster, the battle rages on  
British people fighting for their land  
Fought in two world wars for us,  
fought and died for Britain  
Gotta help them, support the Red Hand

Chorus:

Smash! Smash! The IRA!  
Smash! Smash! The IRA!  
Smash! Smash! The IRA!  
Remember the victims of their bombs

Gotta change our policies and hang the IRA  
Let the Army deal with them their way

Corrupt politicians and  
sniveling left-wing scum  
Are quite content to let them get away  
Come on Ulster!

(Repeat Chorus)

solo

(Repeat Chorus)

IRA supporters are marching on our streets  
Are we gonna let them spread their lies?  
Are we gonna let them march or  
are we gonna smash them?  
Laughing while the British people die  
Come on Ulster!
