

Bad For Me

Skrillex

Baby, you're bad for my health
Baby, you're bad for my wealth
Baby, you're bad for yourself
Maybe we should be with someone else

Baby, you're bad for my health
Baby, you're bad for my wealth
Baby, you're bad for yourself
Maybe we should be with someone else

Step back and pat yourself on the back
Go and pour you a cup of cogniac (yak)
Always actin' phony wit' yo' funny ass
What you wanna eat wit' yo' hungry ass?
See you book smart, you be actin' boss
Come and shake it on me to the reggaeton
He don't like that I'm on her ringtone
You can have her back
I ditched her, ding-dong

You were my drug, my vice, then
Anything you needed, I swiped it
Trippin' on me, psilocybin
Every time we came down, we were fighting

Baby, you're bad for my health
Baby, you're bad for my wealth
Baby, you're bad for yourself
Maybe we should be with someone else
You shouldn't like me
Baby, you don't even love yourself
I didn't mean to put you under my spell
Sorry, baby, you're bad for my health

Girl, you're bad for me like cigarettes
Girl, you're bad for me
Bad intention
Bad for me, tobacco
Bad for me like the ghetto
Pull strings like Gepetto
I got chips, where the queso?

I don't like to talk, I sing songs
Why you always calling me pissed off?
Year, you're tryna shoot my heart with an arrow
Sorry, yeah, life's not fair though

Baby, you're bad for my health
Baby, you're bad for my wealth
Baby, you're bad for yourself
Maybe we should be with someone else
You shouldn't like me
Baby, you don't even love yourself
I didn't mean to put you under my spell
Sorry, baby, you're bad for my health

If you can find a girl, point her out

Girl, you're bad for me like a lot of doubt
She ain't good for me, bro
Lock her out
Look baddy, you wanna be in V.I.P., and that ass goin' bow-bow, aye
I'ma get the cat, meow-meow, aye
No money can make a too-cool bitch jump around

Baby, you're bad for my health
Baby, you're bad for my wealth
Baby, you're bad for yourself
Maybe we should be with someone else
You shouldn't like me
Baby, you don't even love yourself
I didn't mean to put you under my spell
Sorry, baby, you're bad for my health

I didn't mean-
I didn't mean-
I didn't mean-
We should be with someone-

I didn't mean-
I didn't mean-
I didn't mean-
We should be with someone else
