Meanin' that, get yo'-with this pimpin', will get yo' ass sprayed

Catch them, rack them, stack them  
Rah, money gotta run my guy  
Fresh out the bomber, never stay low dry  
Bam, when they see me jump out to the right  
Saturn, over sphere, [?] boy  
Come and love the city gyal, dem [?]  
When par to keep my guard [?] benign  
Get 'em to move them waistline  
Weed lights up, Henny gets bust  
Shots everyone, tequila can't run  
My driver don't drink so you know I'm wild for the night  
Press gas on the M way, pull up to the gate fast  
[?] we've gotta save time from Autumn, Summer, bouncy like rubber  
New badders 'round me, every bloodclaat night

Yeah, badders 'round me, only badders 'round me

(Brand new, brand new, brand new)  
(Brand new, brand new, brand new) Brand new badders, rah  
I know it's all snakes and ladders  
But I choose no manners  
You know it never matters, when gonna fly like daggers  
Athletes, bankman, and rappers, a couple gangbangers

'Cause they got money on the mind  
My team's always a target, we run the market  
That's how we keep the badders in line, uh  
That's how we keep the badders in check  
Eyes on the prize, hands on deck  
Always picture perfect, whenever we step  
Big four five, never break sweat  
Yeah, that's how we keep the badders in check  
Eyes on the prize, hands on deck  
Always picture perfect, whenever we step  
Big four five, yeah

Yeah, badders 'round me, only badders 'round me  
Yeah, badders 'round me, every bloodclaat night  
Badders 'round me, badders 'round me  
Only badders 'round me, yeah, wild for the night  
Yeah, badders 'round me, only badders 'round me  
Yeah, badders 'round me, every bloodclaat night  
Badders 'round me, badders 'round me
