

## Copaface2

Skrillex

Copaface, oh  
Copaface, now find my way back home  
Copaface, oh  
Copaface, now find my way back home

How I crave the way the world spins under me  
But I sleep, instead  
I grip a shallow shake with crippled company  
Who speak in my head

The more messes I made  
The closer I came home from my roam  
Understood are few  
So, I'm speaking in simple tongue

Copaface, oh  
Copaface, now find my way back home  
Copaface, oh  
Copaface, now find my way back home

How I crave the world kept spinning  
Though, I dream instead  
South shallow song my box is closing  
Over my head

Binge, purge all day  
Fuck strangers I'll never know, how cold  
Understood are few  
So, I'm speaking in difficult tongue

Copaface, oh  
Copaface, now find my way back home  
Copaface, oh  
Copaface, now find my way back home
