

Don't Leave Me Like This

Skrillex

Woke up in the dark

Designated for assignment
Rather be blinded, don't want to be reminded
Won't let you find it, the monster I been hiding
Back to the shadows, rolling back my eyelids
Please don't leave me like this, stay with me till the night ends
Please don't leave me like this, please don't leave me like this

Rather be blinded, don't want to be reminded
Won't let you find it, the monster I been hiding
Back to the shadows, rolling back my eyelids
Please don't leave me like this, stay with me till the night ends

Rather be blinded, don't want to be reminded
Won't let you find it, the monster I been hiding
Back to the shadows, rolling back my eyelids
Please don't leave me like this, stay with me till the night ends

Please don't leave me like this, stay with me till the night ends
Please don't leave me like this, stay with me till the night ends
Please don't leave me like this, stay with me till the night ends
Please don't leave me like this, stay with me till the night ends
