

## Good Space

Skrillex

It's all in your bag, that's a fact  
What to do with that  
Goin' through your bag  
Where you at, I'll come through with that  
You're in a good space now  
In a good place now  
You love how it tastes now  
All on your face now

When you get with me, get to fantasizin' and shit, huh  
When you get with me, get to bounce and droppin' shit, uh  
Pop that shit for, pop that shit for, pop that shit for  
Pop that shit for

Pop that shit  
Pop that shit  
Pop that shit

Sheeesh, tryna' for the fucking corner said no tree  
There's no drip for morning song that says for free  
Watching dollars make it talking go my face, sheeesh  
Pop that shit for real  
What's the deal?  
Know I'm fuckin' thrilled  
New house in the hills  
My little thrill, she ain't trying to chill  
Pop that shit for me, pop that  
Pop that shit for me, pop that, pop that  
Pop that shit for me, you know what I need

Pop that shit  
Pop that shit  
Pop that shit

(It's all in your bag)  
You're in a good space now  
When you get with me, get to fantasizin' and shit, huh  
When you get with me, get to bounce and droppin' that shit, uh  
(You're in a good space now, in a good place now)
