

Midnight Hour

Skrillex

I did my best, wasn't good for you
I wish the best for both of you
Family and friends, they are close to you
Damn it's so hard to get over you

Late in the midnight hour
You made the worst decisions
I was always there to listen
But this time

Let me talk
Work, work
Let me talk
Work, work
I love it when they try to get

Tried to prove myself to you baby
I been stayin' down, waiting patient
Taking me through all of your phases
How you trade it all, trading places

Late in the midnight hour
You made the worst decisions
I was always there to listen
Not this time

Let me talk
I bet your lil' sister wanna look like me (Lil' bitch)
I bet your lil' brother wanna fuck on me
Let me talk like
And it's like
I bet your lil' sister wanna look like me (Lil' bitch)
I bet your lil' brother wanna fuck on
I love it when they try to get
Let me talk like
I bet your lil' sister wanna look like me (Lil' bitch)
I bet your lil' brother wanna fuck on me
Let me talk like
And it's like
I bet your lil' sister wanna look like me (Lil' bitch)
I bet your lil' brother wanna fuck on me
I love it when they try to get

Feel like the best in America
Don't make me have to embarrass you
Run with me, she like a marathon
Just love me down all the way home
Tell you the truth ain't ever been wrong
I know you ain't putting me in the friend zone
Might touch down I'm in the end zone
Bust down on my wrist though

Late in the midnight hour
You made the worst decisions
I was playing my position
You kept missing

Late in the midnight hour
You made the worst decisions
I was always there to listen

Let me talk
I bet your lil' sister wanna look like me (Lil' bitch)
I bet your lil' brother wanna fuck on me
Let me talk like
And it's like
I bet your lil' sister wanna look like me (Lil' bitch)
I bet your lil' brother wanna fuck on
I love it when they try to get
Let me talk like
I bet your lil' sister wanna look like me (Lil' bitch)
I bet your lil' brother wanna fuck on me
Let me talk like
And it's like
I bet your lil' sister wanna look like me (Lil' bitch)
I bet your lil' brother wanna fuck on me
I love it when they try to get
