

# SAY GOODBYE

Skrillex

(swedm)

Never said goodbye  
Never said goodbye  
Never said goodbye  
Never said good...  
Never said goodbye  
Never said goodbye-ye  
(Never said good...)

(Sing to me, NJOMZA)

Late nights, I think about what you been thinking 'bout  
Know that we're worth the fight  
So let me make it right  
I might have had my doubts  
Said some things I regret  
If I could take it back  
I wouldn't hesitate

We never said goodbye  
Never said goodbye, baby  
What you been thinking 'bout  
You've been thinking 'bout lately?  
Know we're worth the fight  
Know we're worth the fight  
So let me make it right  
It's been a long time

Fuck this...
