

Dance With Darkness

Skrizzly Adams

You swear that I could be someone
Oh yea but I just don't know how
And I know if we could only run
We'd take it to the top
And baby we'd go up, yea then down
You dream your dreams
And I'll spin em around
Yea I'll let you down
Let you down
Let you down

Cause we dance with darkness
Make deals with the devil
Head back home from dropping pebbles
In rivers that don't flow
Cause here we go
So come on babe, yea we're going down slow
Yea we dance with darkness
Yea we dance with darkness
Yea we dance with darkness
Yea we dance with darkness

You said that I could be the one
Oh yea but I'm just not there now
And I know we've only just begun
But we're never gonna stop yea baby we'll
Go up, yea then down
You dream your dreams
And I'll spin em around
Yea I'll let you down
Let you down
Let you down

Cause we dance with darkness
Make deals with the devil
Head back home from dropping pebbles
In rivers that don't flow
Cause here we go
So come on babe, yea we're going down slow
Yea we dance with darkness
Yea we dance with darkness
Yea we dance with darkness
Yea we dance with darkness

Kicking cans around in Bethlehem
Somehow wishing that Jesus could save us
Babe when I said that your smile was heaven sent
I meant that nothing could get between us
But the whiskey and reason
Was all meant for healing
But it took a good man and swore him to treason
Oh here we go
Oh here we go
Oh here we go

Cause we dance with darkness
Make deals with the devil

Head back home from dropping pebbles
In rivers that don't flow
Cause here we go
So come on babe, yea we're going down slow [x2]

And we dance with darkness
Yea we dance with darkness
Yea we dance with darkness
Yea we dance with darkness [x2]
