

Dumpster Fire

Skrizzly Adams

Yeah, when I think about it
And I see the time go by
Yeah, I got everything I wanted
Dead-set on getting high
And we all come together
And you just look so tired
What you see is what you got
We take it down to the wire
Getting lit like a dumpster fire

Direct deposit just touched down
Hit the quick check parking lot
Same crew just hanging round
Getting blasted like an astronaut
Got a boomer buying Duracells
Hit him with the side-eye
We got three thick goth chicks
You know Jamie is my ride or die

Yeah, when I think about it
And I see the time go by
Yeah, I got everything I wanted
Dead-set on getting high
And we all come together
And you just look so tired
What you see is what you got
We take it down to the wire
Getting lit like a dumpster fire

(We got three thick goth chicks
We got three thick goth chicks
We got three thick goth chicks
We got three thick goth chicks)
You know Jamie is my ride or die

Yeah, when I think about it
And I see the time go by
Yeah, I got everything I wanted
Dead-set on getting high
And we all come together
And you just look so tired
What you see is what you got
We take it down to the wire
Getting lit like a dumpster fire

Getting lit like a dumpster fire
Getting lit like a dumpster fire
Getting lit like a dumpster fire
