

Me And You

Skrizzly Adams

Don't you tell your father
What we're bout to do
Imma put the car in drive it
Lock it and forty-five it out
Until it's me and you

Oooooooooooooohhhh
Tryna keep myself from falling
Self from falling
Oooooooooooooohhhh
Tryna take another one yea
Do another one forever till I

There's something bout the steps you take
When you're floating for miles
You can take your time walking off that porch
Cause I think we're gonna have a while
Until we're back up in the blue room
Dim lights with the volume
Screaming out your name
Till I'm sweating right in the rearview
I can't get no love from the wrong side of town
So I'd rather just get high with you
Don't you tell your father
Yea What Imma bout to do
Yea I mma put the car in drive it
Lock it and forty-five it out
Until it's me and you

Oooooooooooooohhhh
Tryna keep myself from falling
Self from falling
Oooooooooooooohhhh
Tryna take another one yea
Do another one forever till I
Oooooooooooooohhhh
Tryna keep myself from falling
Self from falling
I can't get no love from the wrong side of town
So I'd rather just get high with you

We saw the lights go down
We kept on going up
And there's a feeling that I get
Or at least what I'd expect if I was in love with you
And oh don't tell me
No don't tell me
I don't wanna hear the truth
Cause they got bitches in the back
And they're all looking to smash
But tonight it's just me and you
So baby, don't you tell your father
Yea what Imma bout to do
Imma put the car in drive it
Lock it and forty-five it out
Until it's me and you

Oooooooooooooohhhh
Tryna keep myself from falling
Self from falling
Oooooooooooooohhhh
Tryna take another one yea
Do another one forever till I
Oooooooooooooohhhh
Tryna keep myself from falling
Self from falling
I can't get no love from the wrong side of town
So I'd rather just get high with you

Oh don't stop me cause yea you know that you've got me
I'm feeling like it's just not me, cause it's not me and you've got me now

Oooooooooooooohhhh
Tryna keep myself from falling
Self from falling
Oooooooooooooohhhh
Tryna take another one yea
Do another one forever till I
Oooooooooooooohhhh
Tryna keep myself from falling
Self from falling
I can't get no love from the wrong side of town
So I'd rather just get high with you

So don't you tell your father
What Imma bout to do
Umma put the car in drive it
Lock it and forty-five it out
Until it's me and you
Put the car in drive it
Lock it and forty five it out
Until it's me and you
